The Hyundai i40 has a great reputation in the trade for being a solid, dependable car with few inherent problems. In fact, it's one of the models that has recently helped forge Hyundai's overall reputation as a safe bet. The brand's five-year warranty hasn't hurt it in that regard, either.. In terms of Hyundai i40 diesel engine problems, the news is good.

---

Hyundai i40 Problems & Reliability Issues | CarsGuide  
As pointed out by Bbipian Malluhade it is the older 1.5L 3-cylinder diesel engine from Hyundai which had problems. Although there are few examples I know of the Accent Viva CRDi which have done well over 1.5L kms. I haven't heard of any problems with the 1.4L/1.6L CRDi engines doing the duty on Verna/20.

Kia Sportage SUV 2020 review | Carbuyer  
The 2.0 CRDi engine comes from the R series and receives the designation D4HA. It should be noted that the design is not a development from its predecessor which was introduced to the market a decade earlier. The 2.0 CRDi D4EA engine is a unit made by the Italian company VM Motori and does not enjoy the best opinion among drivers.
