South Georgia – A Visitor’s Guide. The Government of South Georgia & the South Sandwich Islands (GSGSSI) is excited to announce the launch of its new film ‘South Georgia – A Visitor’s Guide’, narrated by Sir David Attenborough. The film has two key messages; firstly, it encourages visitors to respect and protect the island so their visit can be truly sustainable, but there is another message which is relevant to us all; proof that nature can recover, if we give it the chance.

Visiting a few of Kakheti’s wineries should not be missed while you’re here. With about 60% of Georgia's vineyards (225 sq km), making wine by both the traditional qvevri method and modern European-style techniques, this is a region where wine plays a big part in daily life. The renaissance in the Georgian wine industry in the past decade has been nothing short of phenomenal and the region is now producing some of Georgia's most interesting wine.

Welcome to Tbilisi. With its dramatic valley setting, picturesque Old Town, eclectic architecture and superb eating and drinking opportunities, Tbilisi is the vibrant, beating heart of Georgia and home to more than one in three of its citizens. Add to that the pull of the city's hipster culture, its techno scene and general air of cool, and Tbilisi is confidently sealing its reputation as the South Caucasus' most cosmopolitan city.

Could you successfully be a Georgian? Find yourself immersed in the pivotal world of Georgian England, exciting times to live in as everything was booming; the Industrial Revolution, the Enlightenment, and the nascent Empire; inhabited by Mary Shelley, the Romantic Poets and their contemporaries. However, rather than just wondering about the famous or infamous, you will find everything you need to know in order to survive undetected among the ordinary people. What to wear, how to behave yourself in public, earn a living, and find somewhere to live. Very importantly, you will be given advice on how to stay on the right side of the law, and how to avoid getting seriously ill. Monica Hall creatively awakens this bygone era, filling the pages with all aspects of daily life within the period, calling upon diaries, illustrations, letters, poetry, prose, 18th century laws and archives. This detailed account intimately explores the ever changing lives of those who lived through Britains imperial prowess, the birth of modern capitalism, the reverence of the industrial revolution and the upheaval of great political reform and class division. A Visitors Guide to Georgian England will appeal to Romantic poetry lovers, social history fans, fiction and drama lovers, students and anyone with an interest in this revolutionary era.

“Wilkes makes the world of Jane Austen come to life . . . from travel to fashion, shopping, leisure, and, of course, finding a mate” (Britain Express). Immerse yourself in the vanished world inhabited by Austen’s contemporaries. Packed with detail and anecdotes, this is an intimate exploration of how the middle and upper classes lived from 1775, the year of Austen’s birth, to the coronation of George IV in 1820. Sue Wilkes skillfully conjures up all aspects of daily life within the period, drawing on contemporary diaries, illustrations, letters, novels, travel literature, and archives. Were all unmarried affluent men really “in want of a wife”? Where would a young lady seek adventure? Would “taking the waters” at Bath and other spas kill or cure you? Was Lizzy Bennet bitten by bed-bugs while traveling? What would you wear to a country ball or a dance at Almack’s? Would Mr. Darcy have worn a corset? What hidden horrors lurked in elegant Regency houses? “A delight. I don’t think I’ve ever read a book that paints such a vivid picture of daily life in late 18th and early 19th century England. It makes a perfect companion for Austen’s beloved novels.” –The Heritage Traveller “A thoroughly engaging–and very informative–‘eyewitness’ guide to everything from medical matters to modes of travel.” –Joceline Bury, Jane Austen’s Regency World “Written as if to a first-time traveler in the Regency . . . an inviting read . . . a perfect gift for every Janeite friend and family member.” –Austenprose “A worthy contribution to the field of Austen social history and uses the mundane realities of life to illuminate the reader’s experience.” –Sensibilities

From the award-winning author of The Gentleman’s Daughter,a witty and academic illumination of daily domestic life in Georgian England. In this brilliant work, Amanda Vickery unlocks the homes of Georgian England to examine the lives of the people who lived there. Writing with her customary wit and verve, she introduces us to men and women from all walks of life: gentlewoman Anne Dormer in her stately Oxfordshire mansion, bachelor clerk and future novelist Anthony Trollope in his dreary London lodgings, genteel spinsters keeping up appearances in two rooms with yellow wallpaper, servants with only a locking box to call their own. Vickery makes ingenious use of upholsterer’s ledgers, burglary trials, and other unusual sources to reveal the roles of house and home in economic survival, social success, and political representation during the long eighteenth century. Through the spread of formal visiting, the proliferation of affordable ornamental furnishings, the commercial celebration of feminine artistry at home, and the currency of the language of taste, even modest homes turned into arenas of social campaign and exhibition. The basis of a 3-part TV series for BBC2. “Vickery is that rare thing, an…historian who writes like a novelist.”—Jane Schilling, Daily Mail “Comparison between Vickery and Jane Austen is irresistible…This book is almost too pleasurable, in that Vickery's style and delicious nosiness conceal some seriously weighty scholarship.”—Lisa Hilton, The Independent “If until now the Georgian home has been like a monochrome engraving, Vickery has made it three dimensional and vibrantly colored. Behind Closed Doors demonstrates that rigorous academic work can also be nosy, gossipy, and utterly engaging.”—Andrea Wulf, New York Times Book Review

Situated at the crossroads of Europe, Asia and the Middle East, Georgia offers Turkish-style cuisine, trekking opportunities in unspoilt valleys and some of the most hospitable people you're ever likely to meet. An ancient land where Noah's son Thargamos settled and Jason went to obtain the golden fleece, it now has a flourishing modern scene in Tbilisi's cafés, theatres and markets. Tim Burford covers every aspect of this fascinating country, from the pagans of Khevsureti who speak in verse to the desert monastery at Udabno. Combined with copious detail on Georgian customs, music and full practical information, the Bradt guide remains the essential choice for the curious visitor.

In Georgian London: Into the Streets, Lucy Inglis takes readers on a tour of London's most formative age - the age of love, sex, intellect, art, great ambition and fantastic ruin. Travel back to the Georgian years, a time that changed expectations of what life could be. Peek into the gilded drawing rooms of the aristocracy, walk down the quiet avenues of the new middle class, and crouch in the damp doorways of the poor. But watch your wallet - tourists make perfect prey for the thriving community of hawkers, prostitutes and scavengers. Visit the madhouses of Hackney, the workshops of Soho and the mean streets of Cheapside. Have a coffee in the city, check the stock exchange, and pop into St Paul's to see progress on the new dome. This book is about the Georgians who called London their home, from dukes and artists to rent boys and hot air balloonists meeting dog-nappers and life-models along the way. It investigates the legacies they left us in architecture and art, science and society, and shows the making of the capital millions know and love today. 'Read and be amazed by a city you thought you knew' Jonathan Foyle, World Monuments Fund 'Jam-packed with unusual insights and facts. A great read from a talented new historian' Independent 'Pacy, superbly researched. The real sparkle lies in its relentless cavalcade of insightful anecdotes . . . There's much to treasure here' Londonist 'Inglis has a good ear for the outlandish, the farcical, the bizarre and the macabre. A wonderful popular history of Hanoverian London' London Historians In 2009 Lucy Inglis began blogging on the lesser-known aspects of London during the Eighteenth Century - including food, immigration and sex- at GeorgianLondon.com. She lives in London with her husband. Georgian London is her first book.

This new sixth edition of Bradt's Georgia, the only dedicated guide to the country, has been thoroughly updated throughout to include all the most recent developments, ranging from greatly expanded coverage of Batumi, Adjara and Svaneti to the addition of new maps for Tbilisi, Mestia and Telavi. Tourism is booming in Georgia: the number of guesthouses has mushroomed, Tbilisi airport has just opened a second terminal and a new terminal and rail link are under construction at Kutaisi airport. New low-cost flights are now available and visa-free travel is the norm for most. With Bradt's Georgia discover both the old and the new. The capital, Tbilisi, has seen huge changes in the past decade with some conspicuous new projects such as the Peace Bridge, the Opera House and the Presidential Palace, as well as excellent new restaurants and bars. Much of the country can be reached in day-trips from the luxury hotels of Tbilisi and Batumi, and the remotest areas such as Svaneti and the Pankisi Valley can also now be visited. In addition, Mestia, the capital of Svaneti, now has an airport and two ski resorts. Also new for this edition is expanded information on Tusheti and the Trans Caucasian Trail, a volunteer-led project to create two long-distance hiking routes, east-west and north-south, linking the Black Sea with the Caspian, the Greater Caucasus with the Lower Caucasus and Georgia with Armenia and Azerbaijan. The Georgian wine industry is covered, with particular emphasis on natural qvevri wines, and so too are skiing, rugby, the World Heritage sites of Mtskheta and Gelati, Georgian food, 5th-century churches, cave cities, and Georgian polyphonic singing. Bradt's unique guide to Georgia is the ideal companion for all travellers, from serious hikers to wine buffs, high-end culture lovers to backpackers of all ages.

Trailblazing Women of the Georgian Era offers a fascinating insight into the world of female inequality in the Eighteenth Century. It looks at the reasons for that inequality the legal barriers, the lack of education, the prejudices and misconceptions held by men and also examines the reluctance of women to compete on an equal footing. Why did so many women accept that a womans place was in the home?' Using seventeen case studies of women who succeeded despite all the barriers and opposition, the author asks why, in the light of their success, so little progress was made in the Victorian era.Representing women from all walks of life; artists, business women, philanthropists, inventors and industrialists, the book examines the way that the Quaker movement, with its doctrine of equality between men and women, spawned so many successful businesses and helped propel women to the forefront. In the 225 years since the publication of Mary Wollstonecrafts A Vindication of the Rights of Woman, questions remain as to why those noble ideas about equality were left to founder during the Victorian era? And why are there still so many areas where, for historical reasons, equality is still a mirage?

An authoritative account of everyday life in Regency England, the backdrop of Austen’s beloved novels, from the authors of the forthcoming Gibraltar: The Greatest Siege in British History (March 2018) Jane Austen, arguably the greatest novelist of the English language, wrote brilliantly about the gentry and aristocracy of two centuries ago in her accounts of young women looking for love. Jane Austen’s England explores the customs and culture of the real England of her everyday existence depicted in her classic novels as well as those by Byron, Keats, and Shelley. Drawing upon a rich array of contemporary sources, including many previously unpublished manuscripts, diaries, and personal letters, Roy and Lesley Adkins vividly portray the daily lives of ordinary people, discussing topics as diverse as birth, marriage, religion, sexual practices, hygiene, highwaymen, and superstitions. From chores like fetching water to healing with medicinal leeches, from selling wives in the marketplace to buying smuggled gin, from the hardships faced by young boys and girls in the mines to the familiar sight of corpses swinging on gibbets, Jane Austen’s England offers an authoritative and gripping account that is sometimes humorous, often shocking, but always entertaining.
