Basic Accounting Exercises Solutions

The closing balance in the debtors account will be affected by credit sales. An increase in credit sales has the potential to increase the closing balance. However, cash received from debtors, bad debts and discount reduce the debtors closing balance. An increase in discount should encourage debtors to pay more quickly.

Accounting is based on the principle of two-sided. In order to carry out business activities, the company needs funds; these funds must be given to the company by someone. The funds owned by the company are called assets. Part of these assets is provided by the owner, total amount of funds contributed by him is called owner's equity or capital. If the owner is the only one who contributed ...
