It is 1941 and Captain Antonio Corelli, a young Italian officer, is posted to the Greek island of Cephallonia as part of the occupying forces. Ostracised at first, he proves in time to be peace-loving, humorous - and a consummate musician. A burgeoning love with the local doctor's daughter, whose letters to her fiancé - and members of the underground - go unanswered, seems inevitable. But can it survive as a war of bestial savagery gets closer and the lines are drawn between invader and defender?

local doctor, who is engaged to a Greek resistance leader, Corelli's enemy. The novel follows their adventures as Italy switches sides, the Germans invade and the war turns into a free for all.

The idyllic world of the Greek island of Cephallonia is forever changed by the inexorable changes of World War II, as the inhabitants struggle to cope with the Axis invasion and occupation

Birds Without Wings traces the fortunes of one small community in southwest Turkey (Anatolia) in the early part of the last century—a quirky community in which Christian and Muslim lives and traditions have co-existed peacefully over the centuries and where friendship, even love, has transcended religious differences. But with the disintegration of the Ottoman Empire and the onset of the Great War, the sweep of history has a cataclysmic effect on this peaceful place: The great love of Philothei, a Christian girl of legendary beauty, and Ibrahim, a Muslim shepherd who courts her from near infancy, culminates in tragedy and madness; Two inseparable childhood friends who grow up playing in the hills above the town suddenly find themselves on opposite sides of the bloody struggle; and Rustem Bey, a wealthy landlord, who has an enchanting mistress who is not what she seems. Far away from these small lives, a man of destiny who will come to be known as Mustafa Kemal Atatürk is emerging to create a country from the ruins of an empire. Victory at Gallipoli fails to save the Ottomans from ultimate defeat and, as a new conflict arises, Muslims and Christians struggle to survive, let alone understand, their part in the great tragedy that will reshape the whole region forever.

The island of Cephallonia is now familiar as the setting of the novel *Captain Corelli's Mandolin*. This book explores the turbulent history of the island, focusing on the World War II years of Italian occupation, as well as telling the behind-the-scenes story of how the film version was made. The filmmakers have added their own visions, carefully explained here in an official companion to the movie, and de Bernieres' introduction shows how he anticipated that. All he could do to ensure respectful treatment of his novel was insist it should not be sold to Hollywood. The history of the filming is itself fascinating—the search for the cast, the locations, even the guns for the battle sequences. Film journalist Steve Clark has done a good job here, aided and abetted by the stunning Greek island setting and ample action and character stills from the film.

This rambunctious first novel by the author of the bestselling *Corelli's Mandolin* is set in an impoverished, violent, yet ravishingly beautiful country somewhere in South America. When the haughty Dona Constanza decides to divert a river to fill her swimming pool, the consequences are at once tragic, heroic, and outrageously funny. "Walks a precarious edge between slapstick and pathos, never once losing its balance."--*Washington Post Book World*.

From the acclaimed author of *Corelli's Mandolin*, here is a sumptuous, sweeping, powerfully moving new novel about a British family whose lives and loves are indelibly shaped by the horrors of World War I and the hopes for its aftermath. In the brief golden years of the Edwardian era the McCosh sisters—Christabel, Ottilie, Rosie and Sophie—grow up in an idyllic household in the countryside south of London. On one side, their neighbors are the proper Pendennis family, recently arrived from Baltimore, whose close-in-age boys—Sidney, Albert and Ashbridge—shake their father's hand at breakfast and address him as "sir." On the other side is the Pitt family: a "resolutely French" mother, a former navy captain father, and two brothers, Archie and Daniel, who are clearly "going to grow up into a pair of daredevils and adventurers." In childhood this band is inseparable, but the days of careless camaraderie are brought to an abrupt halt by the outbreak of The Great War, in which everyone will play a part. All three Pendennis brothers fight in the hellish trenches at the front; Daniel Pitt becomes an ace fighter pilot with his daredevil tendencies intact; Rosie and Ottilie McCosh volunteer in the hospitals, where women serve with as much passion and nearly as much hardship as the men at the front; Christabel McCosh becomes one of the squad of photographers sending "snaps" of their loved ones at home to the soldiers; and Sophie McCosh drives for the RAF in France. In the aftermath of the war, as "the universal joy and relief were beginning to be tempered by . . . an atmosphere of uncertainty," everyone must contend with the modern world that is slowly emerging from the ashes of the old. A wholly immersive novel about a particular time and place, *The Dust That Falls from Dreams* also illuminates the timeless ways in which men and women carry profound loss alongside indelible hope.

In 1998, Louis de Bernieres—acclaimed author of *Corelli's Mandolin*—came upon a bronze statue in a town on Australia's northwestern coast and was immediately compelled to know more about "Red Dog." He did not have to go far: everyone for hundreds of miles in every direction seemed to have a story about Red Dog. He was a Red Cloud Kelpie, a breed of sheepdog known for its energy and cleverness. But Red Dog was a kind of ultra-Kelpie, energetic and clever enough for an entire breed in himself. Dubbed a "professional traveler" rather than a stray, Red Dog established his own transportation system, hitchhiking between far-flung towns and female dogs in cars whose engine noises he'd memorized and whose drivers he'd charmed. The call of the wild was matched by the call of the supper dish; Red Dog's appetite was as legendary as his exploits. Everyone wanted to adopt him (one group of workers made him a member of their union), but Red Dog would be adopted by—or, more precisely, he would adopt—only one man: a bus driver whose love life quickly began to suffer and who never quite recovered from Red Dog's relentlessly affectionate presence. Independent, clever, sly, stubborn, courageous and foolhardy, impatient with boredom and the boring, Red Dog endeared himself to (almost) everyone who crossed his path. These funny, surprising, and touching stories of his life are certain to endear him to every reader.

"A devoted and brilliant achievement." *The New York Review of Books* In 1948, as civil war ravaged Greece, children were abducted and sent to communist "camps" behind the Iron Curtain. Eleni Gatzoyiannis, 41, defied the traditions of her small village and the terror of the communist insurgents to arrange for the escape of her three daughters and her son, Nicola. For that act, she was imprisoned, tortured, and executed in cold blood. Nicholas Gage joined his father in Massachusetts at the age of nine and grew up to be a top

investigative reporter for the New York Times. And finally he returned to Greece to uncover the story he cared about most -- the story of his mother's heroic life and tragic death.

"Beautifully written and--extraordinarily moving."--The Sunday Times (London) From the author of the international bestseller Birdsong, comes a haunting historical novel of passion, loss, and courage set in France between the two world wars. This Vintage Original edition marks its first appearance in the United States. On a rainy night in the 1930s, Anne Louvet appears at the run-down Hotel du Lion d'Or in the village of Janvilliers. She is seeking a job and a new life, one far removed from the awful injustices of her past. As Anne embarks on a torrential love affair with a married veteran of the Great War, *The Girl at the Lion d'Or* fashions an unbreakable spell of narrative and atmosphere that evokes French masters from Flaubert to Renoir. "This moving and profound novel is perfectly constructed, and admirable in its configurations of place and period."--The Times (London) "I would urge those who appreciated--The French Lieutenant's Woman to try this one--. They may well think it superior."--Sunday Telegraph (London)
