Boy, was I wrong. I probably have 3 books on my shelf right now entitled the same thing and each of them have NOTHING in common with this Bible quoting BS. I have nothing against Christianity, but when a Christian author is writing a "Complete Book of Magic and Witchcraft" and including quotes from the Bible you have to question the content.

This book represents one if the few which actively sought to move away from the mass onslaught of Wicca during the same time. I found it incredibly enjoyable to read, albeit amusing at times. It's certainly not a "complete" book on magic and witchcraft, but it has one of the best compiled herbal sections I've ever seen.

Praise: "A masterwork by one of the great Elders of the Craft. Raymond Buckland has presented a treasure trove of Wiccan lore. It is a legacy that will provide magic, beauty, and wisdom to future generations of those who seek the ancient paths of the Old Religion."—Ed Fitch, author of Magical Rites from the Crystal Well "I read Buckland's Complete Book of Witchcraft with much pleasure. This book contains enough information and know-how for all approaches: the historical, the philosophical, and the pragmatic . . . quite entertaining, as much for the armchair enthusiast as for the practicing occultist."—Marion Zimmer Bradley, author of The Mists of Avalon "Never in the history of the Craft has a single book educated as many people, spurred as many spiritual paths, or conjured as much personal possibility as Buckland's Complete Book of Witchcraft."—Dorothy Morrison, author of The Craft

An underemployed, skateboarding party animal, Colby Buzzell traded a dead-end future for the army--and ended up as a machine gunner in Iraq. To make sense of the absurd and frightening events surrounding him, he started writing a blog about the war--and how it differed from the government's official version. But as his blog's popularity grew, Buzzell became the embedded reporter the Army couldn't control--despite its often hilarious efforts to do so. The result is an extraordinary narrative, rich with unforgettable scenes: the Iraqi woman crying uncontrollably during a raid on her home; the soldier too afraid to fight; the troops chain-smoking in a guard tower and counting tracer rounds; the first, fierce firefight against the "men in black." Drawing comparisons to everything from Charles Bukowski to Catch-22, My War depicts a generation caught in a complicated and dangerous world--and marks the debut of a raw, remarkable new voice.

Amaze and amuse friends and family with these hundreds of tricks, all presented by a master magician. Ranging from basics for beginners to more sophisticated illusions, this magical compendium covers everything from sleight of hand with ropes, ribbons, and strings to mind-boggling adventures in mind-reading. Most require little or no equipment--just minor props and a little preparation. And more than 350 detailed line drawings provide a close-up view of every move you need to make. Perform some quick switches with coins and dollar bills. Stun everyone by predicting what the highest bid will be on a gift package you've auctioned off. Tie an "impossible knot." It's loads of fun for you and your audience.
