"Force and Statecraft" does more than explain the evolution of diplomacy and the strategic use of force. The careful analysis defines diplomacy's application in international relations terms. It is one thing to study the theories of realism, liberalism, constructivism, security dilemma, idealism, liberal internationalism and the rest.

Force and Statecraft: Diplomatic Challenges of Our Time ...

Force and Statecraft really does contain just about everything you need to know for an IR degree. It is organized by topic, which many of my classmates found boring. However, I found that this allowed for the clearest exposition of the ideas possible, and allowed the authors to examine each idea in detail before moving on to the next.
