For more than 60 years, Accounting for Governmental & Nonprofit Entities has been the leader in the market. It is a comprehensive governmental and not-for-profit accounting text written for students who will be auditing and working in public and not-for-profit sector entities. Originally published in 1951 and written by Professor R. M. Mikesell, this book—and the many subsequent editions revised by Professors Leon Hay, Earl Wilson, Susan Kattelus, Jacqueline Reck, and Suzanne Lowensohn—have given generations of instructors and students a comprehensive knowledge of the specialized accounting and financial reporting practices of governmental and not-for-profit organizations, as well as an understanding of how those organizations can better meet the information needs of a diverse set of financial statement users and decision makers. The vision of these original authors continues to be reflected in this 17th edition, and their strategy of providing a large and innovative set of instructional support materials prepared and tested in the classroom by the authors continues to be a guiding principle today. The current author team brings to this edition their extensive experience teaching government and not-for-profit courses as well as insights gained from their professional experience, scholarly writing, and professional activities. The result is a relevant and accurate text that includes the most effective instructional tools.

For more than 60 years, Accounting for Governmental & Nonprofit Entities has led the market in governmental accounting. It is a comprehensive government and not-for-profit accounting text, written for students who will be auditing and working in public and not-for-profit sector entities. Originally published in 1951 and written by Professor R. M. Mikesell, this book and the many subsequent editions revised by Professors Leon Hay, Earl Wilson, Susan Kattelus, Jacqueline Reck, Suzanne Lowensohn, and Daniel Neely have given generations of instructors and students a comprehensive knowledge of the specialized accounting and financial reporting practices of government and not-for-profit organizations, as well as an understanding of how those organizations can better meet the information needs of a diverse set of financial statement users and decision makers. The vision of the early authors continues to be reflected in this 19th edition, and their strategy of providing a large and innovative set of instructional support materials prepared and tested in the classroom by the authors continues to be a guiding principle today. The current author team brings to this edition their extensive experience teaching government and not-for-profit courses as well as insights gained from their professional experience, scholarly writing, and professional activities. The result is a relevant and accurate text that includes the most effective instructional tools.

The vision of these original authors continues to be

reflected in this 18th edition, and their strategy of providing a large and innovative set of instructional support materials prepared and tested in the classroom by the authors continues to be a guiding principle today. The current author team brings to this edition their extensive experience teaching government and not-for-profit courses as well as insights gained from their professional experience, scholarly writing, and professional activities. The result is a relevant and accurate text that includes the most effective instructional tools.

This text is an unbound, three hole punched version. *Government and Not-for-Profit Accounting, 7th Edition* by Michael Granof, Saleha Khumawala, Thad Calabrese, and Daniel Smith makes students aware of the dynamism of government and not-for-profit accounting and of the intellectual challenges that it presents. Not only does the 7th edition keep students informed of current accounting and reporting standards and practices, but it also ensures that they are aware of the reasons behind them, their strengths and limitations, and possible alternatives.

Budgets in the United States follow rules of presentation and use terms that make sense to few outside the world of government finance. Moreover, practices vary widely among the thousands of governments in the country, between federal, state, and local levels. *Understanding Government Budgets* offers detailed explanations of each of the different types of information found in budgets, featuring annotated examples from both state and local budgets, as well as the budget of the federal government. It stresses that the choices made about format and organization influence the story a budget tells about government. The goal of the book is to make the format of budgets and the information they contain accessible and understandable, helping users make better sense of government and its performance. Perfect for undergraduate or graduate level courses in budgeting and public administration, *Understanding Government Budgets* also makes a useful guide to budgets for the average citizen with an interest in how government operates or journalists writing about it.

Covering the essentials of fund accounting, this flexible book introduces the reader to the basic accounting principles at work in both governmental and not-for-profit organizations. This brief book divides most of the chapters into independent sections, which may be covered as separate units. The information on state and local government financial reporting has been updated for coverage of the new financial reporting model, the reporting entity, and financial condition analysis. New examples have been added to more clearly describe the nature of lease accounting. The module on pension trust funds has been rewritten to reflect new GASB pronouncements in a simpler format. New material was added on the measurement of pension costs and other post-employment benefits. For accountants wishing to increase or refresh their knowledge of government and not-for-profit accounting or public budgeting.

This reference work defines more than 1,200 terms and concepts that have been found useful in past research and theory on the nonprofit sector. The entries reflect the importance of associations, citizen participation, philanthropy, voluntary action, nonprofit management, volunteer administration, leisure, and political activities of nonprofits. They also reflect a concern for the wider range of useful general concepts in theory and research that bear on the nonprofit sector and its manifestations in the United States and elsewhere. This dictionary supplies some of the necessary foundational work on the road toward a general theory of the nonprofit sector.
