Que te parece? is an exciting and innovative new program suitable for any communicative or proficiency-based intermediate Spanish course. Both the grammar and the activities are driven by the content, so that they are always presented in an authentic context. The program offers a dynamic approach to the material by incorporating unique presentations of literature, culture, and the fine arts. This edition includes an interactive CD-ROM that further explores the fine art and literature from the Spanish-speaking world, as well as the video to accompany the text.

En espanol is a multi-level Spanish program for middle school and high school that provides a balanced approach to proficiency and grammar along with interdisciplinary features and projects to build confident communicators.

Integrating grammar and composition, this comprehensive new edition guides the advanced student through progressively more complex types of writing by organizing the grammar lessons on a functionalist basis around the needs of composition. This innovative approach to teaching Spanish grammar and composition promotes systematic language development and enables students to strengthen their expressive and editing skills in the language in order to write more effectively and more confidently. Refined by years of

classroom testing and analysis of the problems students encounter, this bestselling textbook has been substantially rewritten and incorporates current research in composition, pedagogy, second-language acquisition, and linguistics. Expanded self-correcting exercises are also available online, making Gramática para la composición one of the most valuable textbooks available for advanced students of Spanish. FEATURES: □ Focuses on work in six level-appropriate types of composition: description, synopsis, personal narrative, creative narrative, exposition, and argumentation □ Based on ACTFL guidelines for students progressing from intermediate to advanced levels of proficiency □ Structured around writing cycles, from prewriting to composition to revision □ Integrates grammar into the preparation for each type of writing □ Covers syntax, dictionary skills, problematic word distinctions, and rhetorical features of discourse structure □ Contains exercises on grammar practice, working with sentences and paragraphs, guided essays, and free composition NEW TO THE SECOND EDITION: □ Each lesson has been clearly divided into two distinct parts: Presentación (material that students prepare before class) and Aplicación (the activities they do in class or as homework) □ Prácticas individuales have been expanded and recreated as self-checking exercises that provide immediate feedback and scoring. These prácticas are available for free online at www.gramaticaparalacomposicion.com □ Images from William Bull's Visual Grammar of Spanish help with distinctions that seem difficult □ An Instructor's Manual—available for free online—reviews teaching and grading methodology for writing-intensive courses, offers suggestions for syllabus organization and for teaching each lesson, and provides additional exercises and activities.
