A lot of the stickers are quite fiddly so best peeled off by an adult. Some of the stickers go on specific pages, lots of them can go anywhere and inevitably not necessarily in the book. If you know a child who likes Hey Duggee they'll like this. If you don't know a child who likes Hey Duggee, you probably don't know any children.

fantastic book for hey duggee fans. this along with the new stick dvd went down a treat as extra easter presents for my 2 year old. book has shadowed "stick here" pages plus a tonne of general stickers (characters, mini scenes etc) and reward stickers for when they have completed a page. really great sticker book, worth the price.
