Honor Patronage Kinship And Purity

Contemporary Western readers may find it surprising that honor and shame, patronage and reciprocity, kinship and family, and purity and pollution offer us keys to interpreting the New Testament. But as recent scholarship has proposed and as David deSilva demonstrates, paying attention to these cultural themes opens our eyes and ears to new discoveries and deeper understanding.

Honor, Patronage, Kinship, and Purity: David A. deSilva ...

To a large degree DeSilva is interacting with Greco-Roman cultural values. As the title of the book says, these cultural values are: Honor-Shame (Social ethics and standards), Patron-Client relationships (Grace, reciprocity and faith), Kinship bonds (Family, sonship), and Purity (Holiness, clean, unclean, defilement, washings).

Book Review – DeSilva, D.A., Honor, Patronage, Kinship ...

Adept in ancient source material, rich in exegetical methodology and brimming with fresh insights, Honor, Patronage, Kinship & Purity is an invaluable resource in the field of New Testament and Biblical studies. Dr. deSilva's work is to be commended for giving equal place to material from both Jewish and Greek studies.

---

Honor, Patronage, Kinship and Purity: A (rather dated) Review

Modern readers of the New Testament tend to collapse the cultural and historical distance between themselves and the text by approaching it as if it were written with their specific context in mind. In Honor, Patronage, Kinship and Purity, David A. deSilva attempts to alert the modern reader as to how much she is missing if this tact is taken. He explores four important aspects of first century Jewish and Greco-Roman culture and then demonstrates how understanding the cultural context sheds ...

---

St. Cuthbert's Island: Honor, Patronage, Kinship & Purity ...

DeSilva breaks the book up into four parts (Honor/Shame, Patronage/Client, Kinship, and Purity/Pollution). He systematically, rhythmically explores each topic as understood by the people groups at the time, how the New Testament speaks both FROM and INTO them, and how we can apply the understandings today in the modern 21st century church.

Honor Patronage, Kinship, And Purity By David Desilva Summary 1065 Words 5 Pages In David deSilva book, Honor, Patronage, Kinship, and Purity: Unlocking New Testament Culture deSilva states that context is extremely important as well as understanding the culture, without these elements one cannot properly understand the interpretation of Scripture.

David A. deSilva demonstrates in this book how paying attention to the cultural themes of honor, patronage, kinship and purity opens us to new facets of the New Testament documents.

David A. deSilva demonstrates in this book how paying attention to the cultural themes of honor, patronage, kinship and purity opens us to new facets of the New Testament documents.

Modelling Early Christianity explores the intriguing foreign social context of first century Palestine and the Greco-Roman East, in which the Christian

faith was first proclaimed and the New Testament documents were written. It demonstrates that a sophisticated analysis of the context is essential in order to understand the original meaning of the texts. The contributors examine social themes such as early Christian group formation, the centrality of kinship and honour and the economic setting. They offer a wealth of novel and socially realistic interpretations which make sense of the texts. At the same time, *Modelling Early Christianity* contains significant new ideas on the relationship between social-scientific and literary-critical analysis, the theoretical justification for model-use and the way these new approaches can fertilise contemporary Christian theology.

Methods and findings from the social sciences are increasingly important for New Testament scholars. Unfortunately, however, anthropology and related disciplines are still unfamiliar territory for many students of the Bible. This work acquaints readers with this territory by providing introductions and basic bibliographic orientations to the application of social-scientific categories to New Testament research. Although it is impossible to know fully how ancient people lived their daily lives, these essays come as close to realizing that goal as we moderns are likely to get. Required reading for anyone who respects Scripture enough to investigate the world in which it was written and to which its writers originally spoke . . . an invaluable resource for pastor, seminarian, and scholar alike. William R. Herzog II, Colgate-Rochester Divinity School

A distinguished group of scholars here introduces and illustrates the array of strategies and methods used in New Testament study today. Standard approaches -- text criticism, historical methods, etc. -- appear side by side with newer approaches -- narrative criticism, Latino-Latina hermeneutics, theological interpretation of the New Testament, and more. First published in 1995, *Hearing the New Testament* is now revised and updated, including rewritten chapters, new chapters, and new suggestions for further reading. What if the Book of Revelation Isn't a Play-Book for the End-Times? What if it Isn't a Fanciful, Speculative Letter to be "Decoded"? What if the Author Actually had a true and Relevant Message for the Church? Amidst the fervor for popular apocalyptic books and unfounded "end-times" theology, New Testament scholar David A. deSilva has written a book to help readers thoughtfully and properly approach Revelation as it was intended to be read. In a masterful treatise, deSilva explores the world of first century Roman Asia, the context in which Revelation was written, explaining why John wrote such a graphic and startling message to the people of God. While many books today offer innovative "decodings" of Revelation, deSilva reminds us that John's letter is, in fact, not a historical blueprint for prophecy and prognostication but a letter about the dangers that the church faced under the rule of Rome following the resurrection of Jesus—a warning that is as apt today as it was almost two thousand years ago. The true power of the book of Revelation is not in a mystical unfolding of the future but in its confrontation with the unholy allegiances already at work in the world. It's time to pay attention without playing endgames. It's time to take Revelation seriously.

As Christians, we are to love God with all of our being—heart, mind, soul and strength. But many of us tend to overemphasize one aspect or another, and as a result, our faith becomes imbalanced. Some of us have an intellectual faith but lack compassion or spiritual discipline. Others of us have a vibrant, heartfelt relationship with God but lack commitment to truth or doctrine. And many of us overlook translating our faith into service and ministry. In this book ethicist Dennis P. Hollinger presents a holistic, integrative vision for reuniting Christian thought, passion and action. He shows how individuals, churches and movements throughout history have focused on either the head, or the heart or the hands—often to the exclusion of other expressions. But by linking our intellect, emotions and actions, Hollinger points us toward a whole faith for the whole person, where each dimension feeds, nurtures and sustains the others.

What was the family like for the first Christians? Informed by archaeological work and illustrated by figures, this work is a remarkable window into the past, one that both informs and illuminates our current condition. The *Family, Culture, and Religion* series offers informed and responsible analyses of the state of the American family from a religious perspective and provides practical assistance for the family's revitalization.

Our culture often views shame in a negative light. However, Paul's use of shame, when properly understood and applied, has much to teach the contemporary church. Filling a lacuna in Pauline scholarship, this book shows how Paul uses shame to admonish and to transform the minds of his readers into the mind of Christ. The author examines Paul's use of shame for moral formation within his Jewish and Greco-Roman context, compares and contrasts Paul's use of shame with other cultural voices, and offers a corrective understanding for today's church. Foreword by Luke Timothy Johnson.

The Bible was written within collectivist cultures, and it's easy for Westerners to misinterpret—or miss—important elements. Combining the expertise of a biblical scholar and a missionary practitioner, this essential guidebook explores the deep social structures of the ancient Mediterranean, stripping away individualist assumptions and helping us read the Bible better.
