Kim Hyesoon's poems "create a seething, imaginative under-and over-world where myth and politics, the everyday and the fabulous, bleed into each other" (Sean O'Brien, *The Independent*) \*Winner of The Griffin International Poetry Prize and the Lucien Stryk Asian Translation Award\* The title section of Kim Hyesoon's powerful new book, *Autobiography of Death*, consists of forty-nine poems, each poem representing a single day during which the spirit roams after death before it enters the cycle of reincarnation. The poems not only give voice to those who met unjust deaths during Korea's violent contemporary history, but also unveil what Kim calls "the structure of death, that we remain living in." *Autobiography of Death*, Kim's most compelling work to date, at once reenacts trauma and narrates our historical death—how we have died and how we survive within this cyclical structure. In this sea of mirrors, the plural "you" speaks as a body of multitudes that has been beaten, bombed, and buried many times over by history. The volume concludes on the other side of the mirror with "Face of Rhythm," a poem about individual pain, illness, and meditation.

In simple vocabulary a naked bone describes complex states of beauty and suffering, often at the borderline where life meets death. In their dreamlike rhythms and images, the poems draw strength from Xhosa culture, Christianity, and elements of nature. They are love poems in the widest sense, embracing the interface between daily life and the spiritual, enacting joy and caring in the face of deprivation and mourning.

DIVLearn how to restore your body's balance by tapping into its built-in healing mechanisms./div

In this New York Times bestselling book, award-winning Chicago Tribune journalist Lee Strobel investigates and unpacks the scientific evidence that points toward God. "My road to atheism was paved by science . . . but, ironically, so was my later journey to God," Strobel says. During his academic years, Lee Strobel became convinced that God was obsolete, a belief that colored his journalism career. Science had made the idea of a Creator irrelevant - or so Strobel thought. But today science points in a different direction. A diverse and impressive body of research has increasingly supported the conclusion that the universe was intelligently designed. At the same time, Darwinism has faltered in the face of concrete facts and hard reason. Has science discovered God? At the very least, it's giving faith an immense boost, as new findings emerge about the incredible complexity of our universe. Join Strobel as he reexamines the theories that once led him away from God. Through his compelling and highly readable account, you'll encounter the mind-stretching discoveries from cosmology, cellular biology, DNA research, astronomy, physics, and human consciousness that present astonishing evidence in *The Case for a Creator*. Also available: *The Case for a Creator* small group video study and study guide, Spanish edition, kids' edition, student edition, and more.

poetry

Teaches the concepts of music theory based on the curriculum at Berklee College of Music.

John Brimhall has arranged 18 great songs written by one of America's leading composers, Jerome Kern. Kern's successes were mainly in writing music for the stage. *Ol' Man River* \* *Can't Help Lovin' Dat Man* \* *Why Was I Born* \* *Smoke Gets in Your Eyes* \* *Dearly Beloved* are a few of his many Broadway hits. His popular compositions include: *I've Told Ev'ry Little Star* \* *Long Ago (And Far Away)* \* *They Didn't Believe Me* \* *Pick Yourself Up* \* *All the Things You Are*.

(Guitar Educational). Steve Vai reveals his path to virtuoso enlightenment with two challenging guitar workouts, which include scale and chord exercises, ear training, sight-reading, music theory and much more. These comprehensive workouts are reprinted by permission from *Guitar World* magazine.

(Easy Piano Composer Collection). Carl Sigman has co-written many songs that are now considered some of the best-known standard literature. Titles in this folio include: *Arrivederci Roma* \* *A Day in the Life of a Fool* \* *Love Story* \* *Ebb Tide* \* *Pennsylvania 6-500* \* *Shangri-La* \* and more. John Brimhall has arranged these songs for easy piano, and they are great fun to play.
