Shade, a young Silverwing bat in search of his father, discovers a mysterious Human building containing a vast forest. Home to thousands of bats, the indoor forest is as warm as a summer night and teeming with insects to eat. And through the glass roof, the bats can finally see the sun, free from the tyranny of the deadly owls. Is this Paradise the fulfillment of Nocturna's Promise to return the bats to the light of day? Shade and his Brightwing friend Marina aren't so sure. Shade has seen Humans enter the forest and take away hundreds of sleeping bats for an unknown purpose. And where is Shade's father? It isn't long before Shade and Marina are swept up on a perilous journey that takes them to the far southern jungle -- the homeland of Goth, now king of all the Vampyrum Spectrum: cannibal bats with three-foot wingspans. With the help of an abandoned owl prince and General Cortez's rat army, Shade must use all his resourcefulness to find his father -- and stop Goth from harnessing the dark powers of Cama Zotz to create eternal night. In this thrilling continuation of Shade's saga, Kenneth Oppel recaptures the adventure and poignancy of Silverwing, which Smithsonian magazine called "a tour-de-force fantasy," and takes it to a new level of excitement.

The hunt for a dinosaur skeleton buried in the Badlands, bitter rivalries, and a forbidden romance come together in this beautifully written new novel that 's Romeo and Juliet meets Indiana Jones. Somewhere in the Badlands, embedded deep in centuries-buried rock and sand, lies the skeleton of a massive dinosaur, larger than anything the late nineteenth century world has ever seen. Some legends call it the Black Beauty, with its bones as black as ebony, but to seventeen-year-old Samuel Bolt it 's the " rex ", the king dinosaur that could put him and his struggling, temperamental archaeologist father in the history books (and conveniently make his father forget he 's been kicked out of school), if they can just quarry it out. But Samuel and his father aren ' t the only ones after the rex. For Rachel Cartland this find could be her ticket to a different life, one where her loves of science and adventure aren ' t just relegated to books and sitting rooms. Because if she can ' t prove herself on this expedition with her professor father, the only adventures she may have to look forward to are marriage or spinsterhood. As their paths cross and the rivalry between their fathers becomes more intense, Samuel and Rachel are pushed closer together. And with both eyeing the same prize, their budding romance seems destined to fail. But as danger looms on the other side of the hills, causing everyone ' s secrets to come to light, Samuel and Rachel are forced to make a decision. Can they join forces to find their quarry—and with it a new life together—or will old enmities and prejudices keep them from both the rex and each other?
