Who was the Buddha? Once upon a time in ancient India, a prince was born. His name was Siddhartha, and one day he would inherit a powerful kingdom. His father tried to protect him from the suffering and hardship beyond the palace walls, but just like children everywhere, the prince longed to see the world. Under the Bodhi Tree is the story of a boy and his journey for understanding that eventually led him to the path of peace. Told in lyrical language, this excellent introduction to the story of the Buddha is beautifully illustrated and perfect for children who are curious about the real people who made history.

Discover the Dalai Lama's definitive teaching on compassion in this fifth volume of the Dalai Lama's definitive Library of Wisdom and Compassion series. In Praise of Great Compassion, the fifth volume of the Library of Wisdom and Compassion, continues the Dalai Lama's teachings on the path to awakening. While previous volumes focused on our present situation and taking responsibility for creating the causes of happiness, this volume concerns opening our hearts and generating the intention to make our lives meaningful by benefiting others. We are embedded in a universe with other living beings, all of whom have been kind to us in one way or another. More than any other time in human history, we depend on one another to stay alive and flourish. When we look closely, it becomes apparent that we have been the recipient of great kindness. Wanting to repay others' kindness, we cultivate a positive attitude by contemplating the four immeasurables of love, compassion, empathic joy, and equanimity, and the altruistic intention of bodhicitta. We learn to challenge the self-centered attitude that leads to misery and replace it with a more realistic perspective enabling us to remain emotionally balanced in good and bad times. In this way, all circumstances become favorable to the path to awakening.

The Profound Treasury of the Ocean of Dharma represents meditation master Chogyam Trungpa's greatest contribution to Western Buddhism. This three-volume collection presents in lively, relevant language the comprehensive teachings of the Tibetan Buddhist path of the hinayana, mahayana, and vajrayana. This work will resonate with new students of Buddhism as well as the most senior students. The second volume, The Bodhisattva Path of Wisdom and Compassion, presents the bodhisattva teachings of the mahayana. At this point, having trained and seen the benefits of looking within, the student begins to shift their focus outward to the broader world. Formal entry into the mahayana occurs with taking the bodhisattva vow. Mahayana practitioners dedicate themselves to the service of all sentient beings, aspiring to save them from sorrow and confusion, and vowing to bring them to perfect liberation. This stage of the path emphasizes the cultivation of wisdom through the view and experience of emptiness, or shunyata, in which all phenomena are seen to be unbounded, completely open, ungraspable, and profound. From the ground of shunyata, compassionate activity is said to arise naturally and spontaneously. In addition to mindfulness and awareness, the mahayanist practices lojong, or "mind training," based on the cultivation of the paramitas, or "transcendent virtues": generosity, discipline, patience, exertion, meditation, and prajna, or "knowledge." As a component of lojong, tonglen, or "sending and taking," is practiced in order to increase maitri, or loving-kindness. Other topics covered in detail in this volume include bodhicitta, skillful means, Buddha nature and basic goodness, Madhyamaka, the ten bhumis, the three kayas, and more.
