This volume presents a history of the ways in which human beings have shaped the landscape at cult sites, in cities and on great private estates, from prehistoric times to the present, throughout the world. The book considers what the evolution of the design of the landscape reveals about the development of society and culture, examining famous cities, palaces and parks, as well as lesser-known designed landscapes, and even sites now vanished from around the world.

Landscape Design: A Cultural and Architectural History

Landscape Design: A Cultural and Architectural History. By Elizabeth Barlow Rogers. (Harry N. Abrams, 2001) Ten years in the making, Elizabeth Barlow Rogers's survey of the built environment from prehistoric times to the present shows how landscapes can be read as documents of cultural values. The book interprets the cosmology and religion inherent in the spaces of prehistoric ritual landscapes; how the landscapes of Greek classical antiquity performed as covenants between society and nature;
