This oversized lift-the-flap board book of a child's first 101 words has big, clearly labeled photos of objects in a baby and toddler's world with an interactive puzzle activity on each spread. Identifying words and their meanings is an important foundational step in language development for babies and toddlers, and Highlights brings Fun with a Purpose® into this essential learning. Babies will love looking at and naming the photos in this sturdy book, while toddlers and parents will enjoy the lift-the-flap questions and answers that help them find the cute red bird hidden on each spread.

OGT Exit Level Reading Workbook prepares students for the reading portion of the Ohio Graduation Test. Samples from similar tests provide plenty of practice and students learn to take multiple choice tests on their comprehension of what they read. Students learn to evaluate their own short answers to targeted questions, and learn from other students' responses to similar questions. This book is suitable for students in all states who need to take a reading exam for graduation or course completion.

The Fifth Di... presents science fiction, fantasy, and horror for your reading enjoyment. This issue includes an all-night dance marathon to live forever; an unusual customer complaint; stone dolls; and a machine whisperer. Come meet these events and the characters who deal with them in this issue of The Fifth Di...

Five great poets of the T'ang dynasty (eighth and ninth centuries A.D.) are represented in this collection: Wang Wei, Li Po, Tu Fu, Li Ho, and Li Shang-Yin. Each poet is introduced by the translator and represented by a selection that spans the poet's development and career. These constitute some of the greatest lyric poems ever written.

It takes an obsessive mind to know one. And Daniel Clark knows the elusive killer he's been stalking.

He's devoted every waking minute as a profiler to find the serial killer known only as Eve. He's pored over the crime scenes of sixteen young women who died mysterious deaths, all in underground basements or caverns. He's delved into the killer's head and puzzled over the twisted religious overtones of the killings. What Daniel can't possibly know is that he will be Eve's next victim. He will be the killer's first Adam. After sixteen hopeless months, the case takes a drastic turn on a very dark night when Daniel is shot and left for dead. Resuscitated after twenty minutes of clinical death, Daniel finds himself haunted by the experience. He knows he's seen the killer's face, but the trauma of dying has obscured the memory and left him with crushing panic attacks. Nothing--not even desperate, dangerous attempts to reexperience his own death--seems to bring him closer to finding the killer. Then Eve strikes again, much closer to home. And Daniel's obsession explodes into a battle for his life . . . his sanity . . . his very soul. Enter a world of death and near death that blurs the lines between fiction and reality in a way that will leave you stunned. "The detail is stunning, pointing to meticulous research in FBI methods, forensic medicine, and psychological profiling. We have to keep telling ourselves that this is fiction. At the same time, we can't help thinking that not only could it happen, but that it will happen if we're not careful." David M. Kiely and Christina McKenna, authors of *The Dark Sacrament*

The BCS Glossary is the most authoritative and comprehensive work of its kind. This unrivalled study aid and reference tool has newly updated entries and is divided into themed sections making it more than just a list of definitions. Written in an easily accessible style, it is specifically designed to support those taking computer courses or courses where computers are used, including GCSE, A-Level, ECDL and 14-19 Diplomas in Functional Skills in schools and further education colleges.

Ancient Sanskrit text with English translation on trees and plants.

“Remarkable personal journals . . . revealing the combat experience of the German-Russian War as seldom seen before . . . a harrowing yet poignant story” (Military Times). Hans Roth was a member of the anti-tank panzerjager battalion, 299th Infantry Division, attached to the Sixth Army, as the invasion of Russia began. As events transpired, he recorded the tension as the Germans deployed on the Soviet frontier in June 1941. Then, a firestorm broke loose as the Wehrmacht tore across the front, forging into the primitive vastness of the East. During the Kiev encirclement, Roth’s unit was under constant attack as the Soviets desperately tried to break through the German ring. At one point, after the enemy had finally been beaten, a friend serving with the SS led him to a site—possibly Babi Yar—where he witnessed civilians being massacred. After suffering through a brutal winter against apparently endless Russian reserves, his division went on the offensive again when the Germans drove toward Stalingrad. In these journals, attacks and counterattacks are described in you-are-there detail. Roth wrote privately, as if to keep himself sane, knowing his honest accounts of the horrors in the East could never pass Wehrmacht censors. When the Soviet counteroffensive of winter 1942 begins, his unit is stationed alongside the Italian 8th Army, and his observations of its collapse, as opposed to the reaction of the German troops sent to stiffen its front, are of special fascination. Roth’s three journals were discovered many years after his disappearance, tucked away in the home of his brother. After his brother’s death, his family discovered them and sent them to Rosel, Roth’s wife. In time, Rosel handed down the journals to Erika, Roth’s only daughter, who had emigrated to America. Roth was likely working on a fourth journal before he was reported missing in action in July 1944. Although his ultimate fate remains unknown, what he did leave behind, now finally revealed, is an incredible firsthand account of the horrific war the Germans waged in Russia.
