Applied Sport Management Skills, Third Edition With Web Study Guide, takes a unique and effective approach to teaching students how to become strong leaders and managers in the world of sport. Organized around the central management functions—planning, organizing, leading, and controlling—this third edition addresses the Common Professional Component topics outlined by the Commission on Sport Management Accreditation (COSMA). The text explains important concepts but then takes the student beyond theories, to applying those management principles and developing management skills. This practical how-to approach, accompanied by unmatched learning tools, helps students put concepts into action as sport managers—developing the skills of creative problem solving and strategic planning, and developing the ability to lead, organize, and delegate. Applied Sport Management Skills, Third Edition, has been heavily revised and touts a full-color format with 1,300 new references. Content updates keep pace with industry trends, including deeper discussions of legal liability, risk management and equipment management, servant leadership, sport culture, and social media. Particularly valuable are the special elements and practical applications that offer students real opportunities to develop their skills. Features such as Reviewing Their Game Plan and Sport Management Professionals @ Work (new to this edition) provide a cohesive thread to keep students focused on how sport managers use the concepts on the job. Applying the Concept and Time-Out sidebars offer opportunities for critical thinking by having the student think about how specific concepts relate to a sport situation or to the student's actual experiences in sports, including part-time jobs, full-time jobs, internships, and volunteer work. Self-Assessment exercises offer insight into students' strengths and weaknesses and how to address shortcomings. An enhanced web study guide is integrated with the text to facilitate a more interactive setting with which to complete many of the learning activities. Several of the exercises require students to visit a sport organization and answer questions to gain a better understanding of sport management. Skill-Builder Exercises present a variety of scenarios and provide step-by-step guidance on handling day-to-day situations such as setting priorities, conducting job interviews, handling conflict, and coaching employees to better performance. Sports and Social Media Exercises offer Internet-based activities that expose students to the role of social media in managing a sport organization. Students are required to use popular social media sites such as Facebook, Twitter, and LinkedIn and visit sport websites. Game Plan for Starting a Sport Business cases put students in the driver's seat and ask them to perform managerial activities such as developing an organization structure and formulating ideas on how to lead their employees. The web study guide allows students to complete most of the learning activities online or download them and then submit them to the instructor. Instructors will also have access to a suite of ancillaries: an instructor guide, test package, and presentation package. Applied Sport Management Skills, Third Edition, is a critical resource that provides students with a thorough understanding of the management principles used in sport organizations while also helping students developing their practical skills. Students will appreciate the opportunity to begin building a solid foundation for a fulfilling career in sport management.

Seminar paper from the year 2010 in the subject Business economics - Marketing, Corporate Communication, CRM, Market Research, Social Media, grade: 2,0, University of applied sciences, Munich, course: Marketing, language: English, abstract: Puma is one of three worldwide leading sportswear companies. But in difference to its competitors Puma is considered more of a sports lifestyle market in all categories and regions. Puma Football plays a significant role in the portfolio of the company and its marketing was especially promoted in the last 12 months in view of the World Cup 2010 in South Africa. This paper is based on the Marketing Analysis of Puma which stressed on the position of Puma on the sportswear market in the segment of football and pointed out its unique selling proposition. It focuses on Operative Marketing and the combinations of marketing-political instruments that are used by Puma. In this context the paper will explain the theory of the product policy and then use this information to analyze products of Puma Football in terms of their product life cycle and product portfolio. But first the corporate and brand strategy will be introduced, since it is a pivotal issue of Pumas marketing strategy and operative marketing instruments. "

This reference offers an analysis of the issues and theoretical construction behind sport organisations. The practical case studies and profiles illustrate how the theory and knowledge can be applied to realistic examples.
