First published Fri Feb 7, 2003; substantive revision Thu Apr 11, 2019. Human rights are norms that aspire to protect all people everywhere from severe political, legal, and social abuses. Examples of human rights are the right to freedom of religion, the right to a fair trial when charged with a crime, the right not to be tortured, and the right to education.

Human Rights (Stanford Encyclopedia of Philosophy)

The conception of humans as beings of praxis — a philosophical basis for human rights The ultimate foundation of human rights is constituted by those essential needs of each individual the fulfillment of which is, under given historical conditions, a necessary condition of social survival and development.

Philosophical Foundations of Human Rights by Mihailo ...

The introduction introduces the history of the concept of human rights and its philosophical genealogy. It raises questions of the nature of human rights, the grounds of human rights, difference between proposed and actual human rights, and scepticism surrounding the very idea of human rights. In the course of this discussion, it concludes that the diversity of positions on human rights is a sign of the intellectual, cultural, and political fertility of the notion of human rights.
