A guide to the science of prophecy, why so many predictions never come to pass, and the Golden Age ahead • Presents a mathematical means of divining the future, revealed in the Oahspe Bible, using the Egyptian Tables of Destiny, a 12,000-year-old system so exact it can foretell every day of the year • Reveals that we are not headed for Rapture and the Apocalypse but for “the Quickening,” the embryonic stage of a Utopian Age • Examines the cycles of history and explains why many prophecies have not come true Reviewing the cycles of history from biblical times to the present and prophecies of the future from Nostradamus to Edgar Cayce and Jeane Dixon, Susan B. Martinez reveals that our current “time of troubles” is not the beginning of Rapture, the Apocalypse, or Armageddon, but of the embryonic stage of a Utopian Age—the “Quickening” of the human race. Reviving the lost science of prophecy, Martinez explains why so many “great prophecies” have failed and presents the 12,000-year-old Egyptian system of prediction so exact it can foretell every day of the year, a method based not on the planets, astrology, or intuition but on Earth’s magnetic rhythms. Using Earth science, historical research, religious texts, spiritualism, and patterns within the cycles of war and political milestones, she demonstrates that the past is the hidden key to the future and uncovers the prophetic numbers of Earth’s cycles—11, 33, 99, and 363—as set forth in the Egyptian Tables of Destiny, ancient texts brought to light by the 19th-century Oahspe Bible. Explaining how readers can use the Tables of Destiny to make their own predictions of the future, she presents her own forecasts of the risks and costs of technological progress, the destiny of America, the up-and-coming global religion, the truth behind climate change and the cause of earthquakes, and the true life expectancy of planet Earth as well as offering a preview of the Paradigm Shift and Golden Age ahead, a time of global unity and awakening of the soul of the world.

Throughout America’s political history, elected leadership has worked diligently to build a nation “of the people, by the people, and for the people.” Yet even as American society was being formed, the founding fathers warned future generations of the possibility that the Republic could take a wrong turn from the path of the Constitution, and destroy the original intent of the founders. Today we may be experiencing a government that our founding fathers warned about. What’s more, this frightening trend can be tied directly to Bible prophecy. America is the end time gentile nation raised up to be a “spiritual Israel,” until the days when God would once again restore His chosen people, Israel. America is experiencing change and transition as we enter the time of the end. From the founding of the nation, to the American Revolution and the Civil War, you will discover America’s prophetic destiny is found in parallel stories, Hebrew patterns and prophetic dates. From the prophecies concerning the presidents to the astonishing patterns of the tabernacle and emblems of the tribes found in America and in Washington, D.C., this book will reveal America’s prophetic past, present and future.

A comprehensive study of the major occult writings on Atlantis • Fully examines the many occult teachings on Atlantis, including those from G. I. Gurdjieff, Madame Blavatsky, Julius Evola, Edgar Cayce, Fabre d’Olivet, and Dion Fortune • Shows how these writings correlate with the concept of cyclical history, such as the Mayan calendar and 2012, the Age of Aquarius, and the four Yugas • By a renowned scholar, author, editor, and translator of more than 30 books Atlantis has held a perennial place in the collective imagination of humanity from ancient Greece onward. Many of the great minds of the occult and esoteric world wrote at length on their theories of Atlantis—about its high culture, its possible location, its ultimate demise, and their predictions of a return to Atlantean enlightenment or the downfall of modern society. Beginning with a review of the rationalist writings on Atlantis—those that use geographic and geologic data to validate their theories—renowned scholar Joscelyn Godwin then analyzes and compares writings on Atlantis from many of the great occultists and esotericists of the 19th and 20th centuries, including Fabre d’Olivet, G. I. Gurdjieff, Guido von List, Julius Evola, Edgar Cayce, Dion Fortune, and René Guénon, whose writings often stem from deeper, metaphysical sources, such as sacred texts, prophecy, or paranormal communication. Seeking to unravel and explain the histories and interpretations of Atlantis and its kindred myths of Lemuria and Mu, the author shows how these different views go hand-in-hand with the concept of cyclical history, such as the Vedic system of the four Yugas, the Mayan calendar with its 2012 end-date, the theosophical system of root races, and the precession of the equinoxes. Venturing broader and deeper than any other book on Atlantis, this study also covers reincarnation, human evolution or devolution, the origins of race, and catastrophe theory.

You Can Predict the Future Throughout the centuries the future has been seen in dreams, in visions, and by seers. But you don’t have to be a prophet or a visionary to predict what the future holds. Now, Ingo Swann explains how to understand and use the future-predicting ability that lies within. He identifies the different ways the future is revealed: Spontaneous forewarnings during dreams Spontaneous alerts that happen when awake Forewarnings and alerts communally experienced by numbers of people while sleeping or while awake Consciously controlled future-seeing achieved by seers Ingo Swann also presents fascinating, documented examples of prophecies that came true, ranging from those that foresaw the sinking of the Titanic to his own prediction of the fall of the Berlin Wall. Your Nostradamus Factor explains how you can develop your ability to foresee the future by: • Overcoming blocks to future-seeing • Tracking a particular subject and testing your predictions • Using astrology to help see the future, and • Paying close attention to your dreams. With the millennium right around the corner, Swann also offers startling predictions for the future of the environment, the economy, science, and society. (originally published in 1993)

The current world confusion and condition of human affairs is a natural phase within an evolutionary process that will ultimately lead to the unification of the human race into a single social order. This process has passed through stages we should consider as being analogous to those of infancy and childhood, and is now in the culminating period of adolescence approaching its long-awaited coming of age—an age of universal peace and justice. This has been the promise given throughout all the major faiths of the world. The social fabric of the world is out of balance and through Divine intervention nations will form together in a collective consciousness recognizing the need for a revolutionary shift of spirit to undertake those measures creating lasting harmony and peace. Dr. M. Scott Peck speaks of world-views as being religious. To move away from war, we must distinguish between “true religions and false religions, true prophets and false prophets,” and that “truth in religion is characterized by inclusivity,” while “falsity in religion can be detected by its one-sidedness and failure to integrate the whole.” History clearly shows that some form of a universal legislative body is not only essential, but also inevitable. Such a system is not conceived from the mind of mortal man; rather, it is a Divine System that was set in motion over 6000 years ago. The purpose in writing Melchizedek & the Temple is to show the story of this evolutionary process—a journey through time, culminating with the promise of an earthly kingdom—an all-inclusive world government, free from tyranny, hate, prejudice and war. Melchizedek & the Temple offers a practical, and compelling alternative to antiquated ideas that in reality prevent humankind from achieving what it longs for—universal peace and justice. It is a message of warning and of promise.

This work chronicles intentional communities in the 20th century. The chronological account first studies the older groups that were operating until 1900, it then explores the impact of the early 19th-century art colonies, before discussing decade-by-decade the new groups formed up to 1960.
