~~Oracle® Project Billing~~  
Overview of Oracle Project Billing Oracle Project Billing provides you with the ability to define revenue and invoicing rules for your projects, generate revenue, create invoices, and integrate with other Oracle Applications to process revenue and invoices. Oracle Project Billing also integrates with Oracle Receivables.

~~Oracle-Project-Billing-User-Guide~~  
Billing Cycle The billing cycle is the user-defined code that determines the next billing date for this project. You can accept the default cycle, or you can override this value and enter a different code. See: Billing Cycle. Next Billing Date displays the next billing date on which the project is eligible for billing.
