All he can give us is his truth about Shakespeare--which is that he was a turbulent man, introspective, psychologically strained, intellectually alive even to the point of agony, tormented by the burden of his own perceptiveness, disquietingly a stranger to happiness or ease, and expressing his sense of life's complexities in works of art which, like himself, are both intimate and lonely.

What accounts for Shakespeare's transformation from talented poet and playwright to one of the greatest writers who ever lived? In this gripping account, James Shapiro sets out to answer this question, "succeed[ing] where others have fallen short." (*Boston Globe*) 1599 was an epochal year for Shakespeare and England. During that year, Shakespeare wrote four of his most famous plays: *Henry the Fifth*, *Julius Caesar*, *As You Like It*, and, most remarkably, *Hamlet*; Elizabethans sent off an army to crush an Irish rebellion, weathered an Armada threat from Spain, gambled on a fledgling East India Company, and waited to see who would succeed their aging and childless queen. James Shapiro illuminates both Shakespeare's staggering achievement and what Elizabethans experienced in the course of 1599, bringing together the news and the intrigue of the times with a wonderful evocation of how Shakespeare worked as an actor, businessman, and playwright. The result is an exceptionally immediate and gripping account of an inspiring moment in history.

Aimed squarely at the student new to Shakespeare, this volume provides a through introduction to the plays, based on the exciting new approaches shaping the field of Shakespeare studies. The author offers a refreshingly clear guide to Shakespeare's language; the plays as performance texts; the cultural and political contexts of the plays; early modern theatre practice; new understandings of the major genres.
