English Exploration, Early Settlements With the exception of John Cabot's voyage to Newfoundland in 1497, the English showed little interest in the New World until the reign of Elizabeth I. Wary of confronting powerful Spain directly, Elizabeth secretly supported English seamen who raided Spanish settlements in the Western Hemisphere and captured their treasure ships.

Gateways to Empire: Quebec and New Amsterdam to 1664 by Daniel Weeks is the first comprehensive comparative study of the North American fur-trading colonies New France and New Netherland. Weeks traces the evolution of Quebec and New Amsterdam from hubs for trade with the Indians to gateways for European settlement.

A fascinating account of the trade patterns and consumption practices that arose following European colonisation of the Atlantic world. Focusing on textiles and clothing, Robert DuPlessis reveals how globally sourced goods shaped the material existence of virtually every group in the Atlantic basin during the seventeenth and eighteenth centuries.

Rethinking Columbus: the next 500 years, edited by Bill Bigelow and Bob Peterson is a resource guide for teachers and community activists which includes 90 essays, poems, short stories, interviews, historical vignettes, and lesson plans that re-evaluate the legacy of Columbus.

This ebook is a selective guide designed to help scholars and students of the ancient world find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books, chapters, and journal articles to online archives, electronic data sets, and blogs. Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated. This ebook is just one of many articles from Oxford Bibliographies Online: Atlantic History, a continuously updated and growing online resource designed to provide authoritative guidance through the scholarship and other materials relevant to the study of Atlantic History, the study of the transnational interconnections between Europe, North America, South America, and Africa, particularly in the early modern and colonial period. Oxford Bibliographies Online covers most subject disciplines within the social science and humanities, for more information visit www.oxfordbibliographies.com.
