The Contest - MatkZone

The Contest Problem Book V. Book Description: Over the years perhaps the most popular of the MAA problem books have been the high school contest books, covering the yearly American High Mathematics Examinations (AHSME) that began in 1950, co-sponsored from the start by the MAA. Book V also includes the first six years of the American Invitational Mathematics Examination (AIME) which was developed as an intermediate step between the AHSME and the USA Mathematical Olympiad (USAMO).

The Contest Problem Book V. Maurer, Stephen B., Berzsenyi ...

This goal dictated the format of the contest. In 1950 the contest consisted of 50 problems split into three sections. The problems in the first one were almost homework like; in the second the problems required a thorough knowledge of high school mathematics, in the third some ingenuity was helpful.
