The End of Alchemy: Money, Banking, and the Future of the Global Economy is a book by former Bank of England Governor Mervyn King, who was a principle participant in the global effort to combat the Great Recession of 2008. King has since retired from his position, and has written his first (and hopefully not last) book on the crisis.

We all sense that, but Mervyn King knows it firsthand; his ten years at the helm of the Bank of England, including at the height of the financial crisis, revealed profound truths about the mechanisms of our capitalist society. In *The End of Alchemy* he offers us an essential work about the history and future of money and banking, the keys to modern finance.

The End of Alchemy demands debate and a well-
reasoned response -- Paul A. Volcker Mervyn
King asks, "Why has almost every
industrialised country found it difficult to
overcome the stagnation that followed the
financial crisis in 2007-2008, and why did
money and banking, the alchemists of a market
economy, turn into its Achilles heel?"
