A portrait of the strains of a military marriage and meditation on what it means to be left behind—a brave account of the challenges facing the wife of a Naval fighter pilot. When she fell in love with her brother's best friend, Rachel Starnes had no idea she was about to repeat a painful family pattern—marrying a man who leaves regularly and for long stretches to work a dangerous job far from home. Through constant relocations, separations, and the crippling doubts of early parenthood, Starnes effortlessly weaves together strands from her past with the relentless pace of Navy life in a time of war. Searingly honest and emotionally unflinching—and at times laugh out loud funny—Starnes eloquently evokes the challenges she faces in trying to find and claim a sense of home while struggling to chart a new path and avoid passing on the same legacy to her two young sons. At once a portrait of the devastating strains that military life puts on families and a meditation on what it means to be left behind, *The War at Home* is a brave portrait of a modern military family and the realities of separation, endurance, and love that overcomes. "Rachel Starnes's *The War at Home* navigates the joys, fears, compromises, and casualties that create the terrain of marriage. And if you are a military spouse, her memoir will reveal thoughts you never even knew you had. This is a wise and fearless book." —Siobhan Fallon, author of *You Know When the Men Are Gone* "One of the most honest and genuine memoirs I've ever read, as well as one of the most finely written. There's not a false note in these pages. Rachel Starnes's story is at once both singular and emblematic. . . . *The War at Home* is that rare thing: a book about the here and now that promises to last well beyond next month or next year." —Steve Yarbrough, award-winning author of *The Realm of Last Chances* and *Safe from the Neighbors*

Welcome to War of 1812 tidewater country. Here, in the waters and on the shores of the Chesapeake Bay, Americans fought to preserve their recently won independence from the British. Detailing sites from Maryland to Virginia to the District of Columbia, this portable guidebook points readers to the war's most important battlefields and historic places. The book

is organized into eighteen tours. Five Historic Route Tours guide enthusiasts down the same roads and past the same buildings that proved critical in the struggle. Thirteen Historic City, Town, and Regional Tours feature key sites in Maryland, Virginia, and the District of Columbia. Visitors can pick a tour and follow the President and First Lady as they fled Washington, D.C., or British troops as they landed at North Point, or the Declaration of Independence as patriots saved it from the invaders. The tours are organized geographically to make trip planning easy. All are accessible by car or on foot; bike and water excursions are also suggested where appropriate. Each tour includes a brief history and information every visitor will need to know, such as the address, phone number, website, parking availability, days and hours of operation, and entrance fees. The guide is richly illustrated throughout, showing many structures that no longer exist and numerous historic sites not visible from public roads. Detailed maps direct visitors to each site. Tourists can step back in time as they travel the same roads and waterways that American and British troops did two centuries ago.

When your soldier returns home to you, it should be a happy and joyful time. You are glad your spouse is safe and sound back home and can't wait to get your life going again. Everything should be great! But what if the homecoming is anything but great? What if suddenly you can't connect, or you feel worlds apart? What if your vet is no longer interested in going out or being around other people? Maybe your spouse isn't sleeping well, or worse, becoming violent while asleep. Your vet may not be reconnecting with the kids and may seem uninterested in any new additions to the family. What if your spouse gets angry at small things or even becomes violent? What do you do? Do you ignore it and keep thinking it will get better if you give it more time? In February 2003, Shawn Gourley's husband, Justin, returned home from his tour in the Middle East where his ship was deployed to assist Operation Enduring Freedom. Cracks were already showing in his personality, cracks that would widen dramatically into full-on fractures by the time he returned home in June 2004 from his third tour that marked the end of his military career. For the next 4 1/2 years their relationship was very difficult, and at times, downright terrifying for her and the children. It wasn't until January 2009 that Justin was able to get treatment. He was finally diagnosed with PTSD in August 2009. Those are the broad strokes of their story, but the details of how Shawn fought to save her family will leave you transfixed until the end.

The white power movement in America wants a revolution. It has declared all-out war against the federal government and its agents, and has carried out—with military precision—an escalating campaign of terror against the American public. Its soldiers are not lone wolves but are highly organized cadres motivated by a coherent and deeply troubling worldview of white supremacy, anticommunism, and apocalypse. In *Bring the War Home*, Kathleen Belew gives us the first full history of the movement that consolidated in the 1970s and 1980s around a potent sense of betrayal in the Vietnam War and made tragic headlines in the 1995 bombing of the Oklahoma City federal building. Returning to an America ripped apart by a war that, in their view, they were not allowed to win, a small but driven group of veterans, active-duty personnel, and civilian supporters concluded that waging war on their own country was justified. They unified people from a variety of militant groups, including Klansmen, neo-Nazis, skinheads, radical tax protestors, and white separatists. The white power movement operated with discipline and clarity, undertaking assassinations, mercenary soldiering, armed robbery, counterfeiting, and

weapons trafficking. Its command structure gave women a prominent place in brokering intergroup alliances and giving birth to future recruits. Belew's disturbing history reveals how war cannot be contained in time and space. In its wake, grievances intensify and violence becomes a logical course of action for some. *Bring the War Home* argues for awareness of the heightened potential for paramilitarism in a present defined by ongoing war.

1943. When Elise Sontag's father is arrested on suspicion of being a Nazi sympathiser, the family is sent to an internment camp in Texas, where Elise feels stripped of everything beloved and familiar. The only thing that makes the camp bearable is meeting fellow internee Mariko Inoue, a Japanese American teen from Los Angeles. Together in the desert wilderness, Elise and Mariko hold tight the dream of being young American women with a future beyond the fences. But when the Sontag family is exchanged for American prisoners behind enemy lines in Germany, Elise will face head on the person the war desires to make of her. In that devastating crucible, she must discover whether she has the will to rise above prejudice and hatred and reclaim her own destiny, or disappear into the image others have cast upon her.

A long-awaited English translation of the groundbreaking oral history of women in World War II across Europe and Russia—from the winner of the Nobel Prize in Literature NAMED ONE OF THE BEST BOOKS OF THE YEAR BY *The Washington Post* • *The Guardian* • NPR • *The Economist* • *Milwaukee Journal Sentinel* • *Kirkus Reviews* For more than three decades, Svetlana Alexievich has been the memory and conscience of the twentieth century. When the Swedish Academy awarded her the Nobel Prize, it cited her invention of “a new kind of literary genre,” describing her work as “a history of emotions . . . a history of the soul.” In *The Unwomanly Face of War*, Alexievich chronicles the experiences of the Soviet women who fought on the front lines, on the home front, and in the occupied territories. These women—more than a million in total—were nurses and doctors, pilots, tank drivers, machine-gunners, and snipers. They battled alongside men, and yet, after the victory, their efforts and sacrifices were forgotten. Alexievich traveled thousands of miles and visited more than a hundred towns to record these women's stories. Together, this symphony of voices reveals a different aspect of the war—the everyday details of life in combat left out of the official histories. Translated by the renowned Richard Pevear and Larissa Volokhonsky, *The Unwomanly Face of War* is a powerful and poignant account of the central conflict of the twentieth century, a kaleidoscopic portrait of the human side of war. THE WINNER OF THE NOBEL PRIZE IN LITERATURE “for her polyphonic writings, a monument to suffering and courage in our time.” “A landmark.”—Timothy Snyder, author of *On Tyranny: Twenty Lessons from the Twentieth Century* “An astonishing book, harrowing and life-affirming . . . It deserves the widest possible readership.”—Paula Hawkins, author of *The Girl on the Train* “Alexievich has gained probably the world's deepest, most eloquent understanding of the post-Soviet condition. . . . [She] has consistently chronicled that which has been intentionally forgotten.”—Masha Gessen, National Book Award-winning author of *The Future Is History*
