Ultimate Chinchilla Care Chinchillas as Pets: The Must ...

Most chinchillas will prefer a water bottle over a water dish. Water bottles are less likely to be knocked over and will prevent bedding and hay from getting soggy. Your chinchilla’s cage should also have lots and lots of hay. We will talk more about hay when we talk about chinchilla food, but remember: hay is your chin’s BFF.

How to Take Care of a Chinchilla: The Ultimate Guide ...

When setting up your new chinchilla habitat, make sure it is in a place where the temperature does not go over 24°C or 75°F. Any temperature over 27°C or 80°F and/or high levels of humidity, and your chinchillas are at risk for heat stroke and death.

Ultimate Chinchilla Care Guide - Chin Care Group

However, chinchillas require special care to maintain their health and happiness. If you plan on adding a chinchilla – or a herd of them – to your household, one of the most important considerations is their habitat.

A lone chinchilla requires a great deal of attention and can become very attached to its owner. If you are unable to devote that much time to your pet, it is better to have two chinchillas than one lonely unhappy pet. Two chinchillas can play and interact and not be completely dependent on their owner. Care Sheet

Chinchilla Care, Information, Facts & Pictures

Chinchilla Breeders Near You|Best Options + Tips|

However, chinchillas are not hard to take care of, and playtime doesn’t require much from you. Allow your chinchilla out of the cage once a day if possible. Clearly, it’s best to interact and play with your chinchilla during this time. However, it’s not 100% necessary.

Are Chinchillas Social?(Chinchilla Owners Should Know This)

Help your chinchilla keep up its routine by filling a container (or bath house) about two-inches deep with chinchilla dust (available at pet stores), then place your pet chin into it. Andrew Bean, DVM of Pet Care Veterinary Hospital in Virginia Beach, VA , said dust bathing is both a behavioral outlet and an innate behavior which plays an important role in grooming.

Caring for a Chinchilla: What You Need to Know | PetMD

The wild chinchilla is usually some variant of grey in color. However, selective breeding in captivity has produced a wide range of possible colors and fur types in our domestic chinchillas. With proper care and good genetics, chinchillas can live between 10-20 years. Below are some guidelines for basic chinchilla care.

Chinchilla Facts | Humble Acres Chinchillas | New York

Chinchillas need a good-quality diet meant for chinchillas to stay healthy. Their digestive system is designed for foods very high in fiber, so a good high fiber diet and plenty of grass hay is the cornerstone of a good chinchilla diet. Feeding them an inappropriate diet can cause serious digestive upsets and health problems.

Chinchilla Care Guide - The Spruce Pets

Chinchilla Cage Chinchillas need a cage that will provide them with space to run, climb and jump. The minimum size for one chinchilla should be 24-36"x 18-24" x 24" (WxDxH). Ideally, chinchilla cages should have at least two levels or stories. Chinchillas love to have room to play and explore, so no cage is too big.

Pet Chinchilla Care | Long Island Avian and Exotic ...

If you take good care of your chinchilla, it can live up to 15 years. Unlike some pets that die after some months or years, the chinchilla will give you company for long. Some of the oldest chinchillas go up to 20 years. Since it is friendly, you can create a strong bond of many years.

Do Chinchillas Make Good Pets (15 Reasons to Consider)

• Make sure your chinchilla has plenty of safe wood to chew on for dental health, many woods are toxic to chinchillas, so be sure to do your research (this goes for the bedding as well – kiln dried pine shavings work great and are inexpensive). Cleaned and baked apple wood is highly recommended for chew toys.

Chinchilla Care - The Spruce Pets

Everything you need to know about looking after your Chinchilla and giving them the best possible life... Guaranteed to answer all your questions, this book is a must have for anybody passionate about owning Chinchillas. It covers care, health, diet, housing, food, and breeding. Plus how (and where) to select your Chinchilla with facts, information and relevant web resources. It is written in an easy to read and understandable style. Perfect for anyone looking to own these amazing creatures. There is also a free club that readers can join online so they can connect with other owners and share information. They can also receive book updates and other benefits. It's written in a straight forward no nonsense fashion from someone who has loved Chinchillas for years. Thomas Layton covers all aspects of Keeping a Chinchilla happy and healthy and what do do if they do get ill. The book is full of sound advice and answers to your questions.

The delightful South American "unrodent-like rodent" known as the chinchilla makes a playful and affectionate companion animal. Author Donna Anastasi refers to them as "inquisitive, sensitive, intelligent, and active," the ideal combination of intelligence and interaction anyone would want in a small pet.This Complete Care Made Easy title is an ideal introductory pet guide about the chinchilla, with detailed chapters on characteristics, selection of a healthy chinchilla, housing and care, welcoming and taming the new arrival, feeding and daily care, training, and health and veterinary care. The book offers excellent advice about feeding and nutrition, including the choice of pellets, supplements, hay, and treats.The chapter "Understanding and Training Your Chinchilla" explains the abilities and limitations of chinchillas' senses (they're nearsighted but have exceptional hearing) and offers a great overview of how they communicate through sounds and body language. With positive reinforcement and a clicker (no leash and collar!), the chin can be trained to perform tricks for the family's entertainment, and the book gives lots of training pointers for owners! For chin fanciers who are interested in further exploration, the author includes chapters on breeding chinchillas and getting involved in chin shows. Sidebars throughout the text provide useful information to chinchilla keepers, covering such topics as chin colors, harmful human foods, daily care checklist, and show terminology. The resources include chinchilla societies, books and websites. Glossary of terms and index included.

The Chinchilla Care Guide, is a genuine authority on the subject of Chinchillas and caring for them. The chinchilla is soft and fluffy mammal that will always make for a truly fun pet to own. This pet guide covers all of the essential information and facts that you will ever need to know about this adorable small animal. Some of the core topics covered include: Origins & History, Health, Lifespan, Food & Treats, Breeding, Behavior & Temperament, Bedding, Housing & Habitat set up, Dust Bath usage, and Toys & Accessories. The different types of coats and colours are also discussed in depth, along with how to really make a comfortable home for your chinchilla. Common health problems and illnesses, and how to deal with them are also included, along with how to keep your chinchilla in good health through regular exercise and activity. Information on the recommended nutrition and developing a relationship and bond with your chinchilla is also documented within. You will really enjoy this popular care guide which features many great chinchilla pictures, an array of wonderful facts and reliable information, along with detailed advice for current or soon-to-be owners. This care guide is part of a series of books which have been reviewed by pet care experts and veterinarians. It is definitely a highly recommended addition to your book shelf.

These small mammals, native to South America, are known for their soft fur and playful personalities. This updated edition for chinchilla owners provides a wealth of information on the animal's anatomy and life cycle, plus advice on housing, feeding, training, and health care.

This early work is an absorbing read for any chinchilla owner or historian of the breed, but also contains a wealth of information and anecdote that is still useful and practical today. Orientated towards the commercial chinchilla keeper. Extensively illustrated with text and full page photographs. Contents Include: Introduction; Preface; Chinchillas in History and Literature; the Wonders of a Chinchilla Hair; The Chinchilla Language; Housing Equipment; The Feeding of Chinchillas; Breeding and Reproduction; Routine Care of Chinchilla Babies; Chinchilla Diseases and Ailments; Petting; Individuality of Species; and Where Are We Going?. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

This title covers everything you need to know to keep your chinchilla happy and healthy, including expert advice on housing, basic nutrition, health care, grooming, and fun activities that both pet and keeper will enjoy.

Since chinchillas are becoming more popular as pets, the author of this book has put together an up-to-date comprehensive chinchilla guide for those who are thinking of buying a chinchilla, and for those who already own one. Topics covered include buying, housing, breeding, taming, and grooming.

Discusses what is needed to keep chinchillas as pets, covering such topics as physical characteristics, housing, diet, behavior, and health issues.
