Who Was Helen Keller?

At age two, Helen Keller became deaf and blind. She lived in a world of silence and darkness and she spent the rest of her life struggling to break through it. But with the help of teacher Annie Sullivan, Helen learned to read, write, and do many amazing things. This inspiring illustrated biography is perfect for young middle-grade readers. Black-and-white line drawings throughout, sidebars on related topics such as Louis Braille, a timeline, and a bibliography enhance readers' understanding of the subject.

The autobiography of Helen Keller, who lost both sight and hearing by illness at nineteen months, and became a famous author and lecturer.

The World I Live In by Helen Keller, first published in 1908, is a rare manuscript, the original residing in one of the great libraries of the world. This book is a reproduction of that original, which has been scanned and cleaned by state-of-the-art publishing tools for better readability and enhanced appreciation. Restoration Editors' mission is to bring long out of print manuscripts back to life. Some smudges, annotations or unclear text may still exist, due to permanent damage to the original work. We believe the literary significance of the text justifies offering this reproduction, allowing a new generation to appreciate it.

"The story of Helen Keller, who learned to read and write despite being deaf and blind, and became an activist who fought for the rights of disabled people"--

Who Was Helen Keller?

Helen Keller lost her ability to see and hear before she turned two years old. But in her lifetime, she learned to ride horseback and dance the foxtrot. She graduated from Radcliffe. She became a world famous speaker and author. She befriended Mark Twain, Charlie Chaplin, and Alexander Graham Bell. And above all, she revolutionized public perception and treatment of the blind and the deaf. The catalyst for this remarkable life's journey was Annie Sullivan, a young woman who was herself visually impaired. Hired on as a tutor when Helen was six years old, Annie broke down the barriers between Helen and the wider world, becoming a fiercely devoted friend and lifelong companion in the process. In Annie Sullivan and the Trials of Helen Keller, author and illustrator Joseph Lambert examines the powerful bond between teacher and pupil, forged through the intense frustrations and revelations of Helen's early education. The result is an inspiring, emotional, and wholly original take on the story of these two great Americans.

In this kids' biography, discover the inspiring story of Helen Keller, who overcame the odds by learning to understand and communicate with the world. Helen Keller lost her sight and hearing due to an early childhood illness and spent the first 6 years of her life unable to interact with other people. She remained isolated from the outside world until Anne Sullivan came to work as her teacher. In this biography book for kids ages 8-11, learn all about Helen Keller's amazing life and achievements - how she learned to read Braille and speak, go to college, write books, and ultimately revolutionize the world through her activism on behalf of the deaf and blind. This new biography series from DK goes beyond the basic facts to tell the true life stories of history's most interesting people. Full-color photographs and hand-drawn illustrations complement thoughtfully written, age-appropriate text to create an engaging book children will enjoy reading. Definition boxes, information sidebars, maps, inspiring quotes, and other nonfiction text features add depth, and a handy reference section at the back makes this the one biography series every teacher and librarian will want to collect. Each book also includes an author's introduction letter, a glossary, and an index.

Recounts the life and achievements of Helen Keller who, with the help of her teacher, Annie Sullivan, overcame the limitations of being both blind and deaf to become an author and an advocate for the rights of disabled people.

The Civil War is a much plumbed area of scholarship, so much so that at times it seems there is no further work to be done in the field. However, the experience of children and youth during that tumultuous time remains a relatively unexplored facet of the conflict.Children and Youth during the Civil War Era seeks a deeper investigation into the historical record by and giving voice and context to their struggles and victories during this critical period in American history. Prominent historians and rising scholars explore issues important to both the Civil War era and to the history of children and youth, including the experience of orphans, drummer boys, and young soldiers on the front lines, and even the impact of the war on the games children played in this collection. Each essay places the history of children and youth in the context of the sectional conflict, while in turn shedding new light on the sectional conflict by viewing it through the lens of children and youth. A much needed, multi-faceted historical account,Children and Youth during the Civil War Era touches on some of the most important historiographical issues with which historians of children and youth and of the Civil War home front have grappled over the last few years.

Helen Keller had absolutely no hearing or eyesight from the age of two, but became one of the most inspiring and well known people to have ever lived. For a number of years she functioned, in her words, simply as "an unconscious clod of earth." Then quite suddenly, she experienced the impact of "another mind" within her own. Despite not knowing where it came from or how it got there, she awoke to a new awareness of being able to talk and listen with her hands. She learned to read and write, wrote at least ten books, and attended college. Her religion developed from living deeply within her spiritual self, cut off from normal sensation, and spending her life on a spiritual plane. She incorporated her own experiences with the teachings of Emanuel Swedenborg, a mystic born in 1688, and the Swedenborgian Church. Swedenborg, like Keller, had experienced other realms of spirit and transmitted deeper teachings that Helen saw with great clarity. She wrote this book after receiving many requests for her to describe her religious beliefs.
